Dear Rutger,

Here's the letter from Special Agent Sopko. I don't think a "warning" label on a machine would have "prevented" your having three fingers ripped from your hand. Be careful: some of these lawyers even "go around dead bodies" and as Betsy Superfon told me: lawyers like David Boies will destroy people in order to "serve" their clients. It's nothing personal, Rutger. Remember that as you wind your way through the legal system. Do you really believe that Lando didn't tell anyone at the store that the machine did not have a safety lock/guard? He didn't mention it to Rob, Mick, Paul or Kimba? I still feel that it was will-ful

on the part of Whole Foods even if Osha believes it's only "serious" and fined them \$30K. Please remember that lawyers were calling you in the hospital when you were in trauma and high and yes, they will lie.

Angel wrote. She is going to meet us for lunch with His Holiness. I'm going to Country's hearing on the 19th. Cops lie also and he could get a long prison sentence for smoking a cigarette in Santa Monica. You saw those cops, didn't you? Why do you think I was the center of their attention?

Steve Lindsey is threatening to put me in jail again. Says I owe money to someone (he's apparently Leonard Norman Cohen's lawyer/CPA now so he and his family should pay Cohen's taxes and shut up now - they do, as you know, lie about everything but perhaps their love of Leonard Norman Cohen is overwhelming - and Cloris Leachman, who cares about dogs - except for ours! As you know, Charlie and Maju were mine as was Shadow - Cloris was so worried about Shadow being out back. She's not worried about human beings however. I will need you to go into Court with me (and bring all your friends) if Lindsey attempts to make good on his "threat" to put me in jail. He should go to prison actually. I wonder what happens if you lie like this in court, are involved in black mail (Douglas did confirm that he tried to get you to go into Kory's office and sign over or sell my house to Cohen, didn't he? Just after I got in the car with the woman that lied about you. She wrote all this "stuff" in her report and yet you said she only asked you if you were ok (after the SWAT Team said they would shoot me and take you somewhere) and what medicine I take. You said heart medicine. I had serious problems yesterday - with heart palpitations and so forth. Tried to rest a bit.

Septian is helping me move the rest of my things from Edie's today. He's a wonderful person and has been incredibly helpful.

Please remember to meet me and Lamasang at PF Chang's on the 20th. I've asked Angel to join us. County has a hearing on the 19th. Hopefully Lamasang, His Holiness Karmapa, His Holiness Thinley Norbu, His Holiness Sharmapa, His Eminence Bhakha Tulku, His Eminence Dzongsar Khyentse and others are praying for him as well. SMPD tried to have him put away for 40 years the last time they arrested him for sitting in a park. I had just left the park and was waiting for him - on the Promenade, where I went "camping." Say a prayer for him. Have you spoken with Ray? Sorry Steven Clark Lindsey wouldn't permit you to see him. Glad you ran into Eli and he told you Cohen was a liar. He is even lying about Phil Spector (or did lie about him - before a Secret Grand Jury - not so secret). He will do anything to get away with his tax fraud. That extends to destroying our family. His lawyers get paid. Isn't that nice?

You should see the letters Tiffany Sims and Marisa Antonelli wrote the IRS. Truly insane. My mother said they are both crazy. Agent Sopko showed them to me. Still don't know what I paid them and they want to keep it a "secret" Rutger. Maybe Lando wants to keep the fact that his actions led to the loss of your three fingers a secret? Or perhaps he wants to tell the truth. You never know. Remember: Shana and Bill also lie - about you and me. So does/did Major Brunk. Ray thinks Doug Whitfield stole our bird because he was valuable. He saw Shadow in Venice - said Wilshire Animal told the people that we wanted to put him to sleep, etc. People in Santa Monica - like Hollywood, Country, Sketch, and others, know this is a lie!

Remember: witnesses are important. Surround them also. Most people are lying cowards.

RE: Leonard Cohen – Kelley Lynch

Dear Mr. Tejada:

I am writing to follow-up on our phone call Wednesday regarding the allegations being made by Ms. Kelley Lynch against my client, Mr. Leonard Cohen. As I explained, Ms. Lynch is Mr. Cohen's former business manager whom he dismissed in late October 2004 on discovery that she had been engaged in a long running embezzlement scheme directed at him. My letter addresses three issues.

First, I am confirming a meeting in my office at 10:30AM, April 19, 2007 during which I will present to you evidence that from 1998 through October 2004, Ms. Lynch embezzled over \$7 million from Mr. Cohen with the help of Mr. Cohen's former lawyer and investment adviser and that Mr. Cohen received no benefit, direct or indirect, from those embezzled funds. This evidence will include among other documentation, a forensic accounting analysis by a highly regarded CPA firm and a Judgment issued by the Los Angeles Superior Court for Mr. Cohen against Ms. Lynch for over \$7 million.

Second, you indicated that you would be joined by additional staff from your office. I indicated that I will be joined by Michael Mesnick, CPA, who has prepared Mr. Cohen's tax returns since 2004, and my associate, Michelle Rice. It would be appreciated if you could advise in advance who will be joining you.

Third, I am writing to advise that Ms. Lynch is using communications between herself and the Internal Revenue Service for improper and perhaps criminal purposes, and to raise appropriate concerns regarding further communications with Ms. Lynch. In response to Mr. Cohen's civil claims, Ms. Lynch has been sending mass emails to a wide range of individuals including Mr. Cohen's friends, business associates and the press. In many of those communications, she has alleged that she is reporting Mr. Cohen to the

Mr. Luis Tejeda

Page 2 of 2

Internal Revenue Service for tax fraud. While a nuisance, these communications have had little effect in part because the emails involved incoherent ranting and because there was no evidence that the Internal Revenue Service was taking her allegations seriously.

Now the situation has changed. Ms. Lynch has managed to obtain a return email from Special Agent Kelly A. Sopko, the contents of which I read to you. In our call, you asked how I had access to that email. I answered that it had been forward to Mr. Cohen and me from Ms. Lynch by email. Attached are copies of several emails from Ms. Lynch in which she forwards the email from Agent Sopko to a very broad email list, including another such email sent today. You will note from the enclosed emails that her circulation of the communication from Agent Sopko is increasing.

Please note that Ms. Lynch is using communications from the Internal Revenue Service to defame Mr. Cohen and to use the threat of an IRS investigation to attempt to extort resolution of civil claims. The Internal Revenue Code is clear that use of communications with the Internal Revenue Service for an improper purpose can subject the perpetrator to civil and criminal liability, and I would suggest that Ms. Lynch is subjecting herself to further liability through her improper actions. Based on the attached emails, I would ask that you consider with caution any communications with Ms. Lynch that she might then publish through emails in an effort to further damage Mr. Cohen. I would also ask that you contact Agent Sopko and caution her that her future communications with Ms. Lynch are not likely to remain confidential.

Thank you in advance for your consideration of these matters. I look forward to a productive meeting with you and your colleagues on April 19 in my office.

Sincerely,

Robert B. Kory
